Product Facts (continued)

For Equine use only. Recommended for use to support healthy joint and connective tissue structure and function.

Directions for Use:

Give orally to mature horses at the rate of two ounces (two level scoops) per day. Dosage may be reduced, proportionally (based on weight), for younger horses or lighter breeds.

Warnings:

For animal (equine) use only.

Keep out of reach of children and other animals. In case of accidental overdose, contact a health professional immediately.

This product should not be given to animals intended for human consumption.

PRIOR TO USE: For horses used in competition, please check with the appropriate governing or sanctioning body to insure that the use of all ingredients listed is allowable.
